FLEET WEEK PROGRAM NEAR COMPLETION COFER MAY RETIRE FROM HEALTH BOARD

Kauai Booze Interests Knifing Each Other

That charges may be preferred against certain of the liquor interests of Kauai, as well as County officials there, by W. C. Peacock & Co., and that the matter may be brought before the Grand Jury, is the news that has been learned in Honolulu today. The reason for alleged charges, whatever they may be, dates back some time when the license of the Kauai Wine and Liquor Company, in which Peacock is interested, was held up pending an investigation regarding a charge preferred that they had sold liquor on Sunday. It was said and understood that this charge was brought by the rival liquor companies on that island.

It is known that W. C. Peacock and W. A. Kinney, his attorney, are now on Kauai concerning the license mat-

ter, and rumor has it that either the Waimoa Wine Co., the Kapaa Wine Company, or C. W. Spitz, of Nawiliwili, will be brought into Court, and perhaps the matter will be brought before the Grand Jury. One charge that may be preferred is that the County officials are working in conjunction with the Waimoa Wine Company, the Kapaa Wine Company, and C. W. Spitz, who in fact, controls all of these, against the Kauai Wine and Liquor Company.

M. F. Prosser, who is Kinney's partner, stated that he had not heard from Kinney since he went to Kauai. He also stated that although he personally had nothing to do with the case, he was assured that some definite action against the Spitz liquor interests would be taken.

Cofer May Drop Quietly Out Without Fighting

"If it is found that Judge Humphreys' point has been well taken with regard to the eligibility of Dr. Cofer to hold his position as President of the Board of Health and also a Federal position, there will be no fight," stated Attorney General Hemenway this morning. "Dr. Cofer will quietly drop out without any fuss."

The Attorney General has been working on the matter hard all morning, and, although he states that he has reached no conclusion yet, his attitude seems to be that Cofer will have to drop out, not because of the fact that he has been accused of technical bribery so much as the fact that the law will not support his holding two positions. Nevertheless Hemenway states that he has reached no definite conclusion regarding the question, and probably will not for some time yet, as he will have to look up innumerable authorities on the subject.

It was noted about town that Cofer could be hauled up on a technical charge of embezzlement, or misuse of public funds, because of the fact that he has been taking \$150 per month from the salary appropriation for the President of the Board of Health under the title of "personal expenses." This was found to be absolutely untrue, however, as Attorney General Hemenway stated that Cofer could, if he so wished, draw out the entire

\$275 and label it "personal expense" so long as it was drawn from the salary appropriation, and did not infringe on any other appropriation.

The general feeling among the Federal officials holding positions in this Territory is that Dr. Cofer will retire from his place as President of the Board of Health. Dr. Sinclair was spoken to in regard to the matter this morning and, although he stated that he knew nothing definite about the decision of the Attorney General, his attitude was to the effect that Dr. Cofer as well as himself and other Federal officials, would soon be paid with Territorial work.

Dr. Cofer has been in consultation with Governor Fear a great part of the morning.

C. C. KENNEDY'S RESPONSE FOR HILO ON BALL TICKETS

Waialua, 29th June, 1908.

Dear Sir:—Yours to hand and noted, with 25 tickets enclosed. I do not believe any one cares to buy tickets for the ball in Honolulu to be given to the officers of the Fleet.

Everything has been done to keep the Fleet in Honolulu, and as far as I understand the people here are not inclined to subscribe toward anything in that way.

I remain,
Yours truly,
C. C. KENNEDY.

This is the letter received by the Fleet Entertainment Committee in response to the letter sent out with tickets for the ball.

BATCHELLOR IS DEAD

PARIS, France, July 2. — Judge Batchellor of the International Tribunal of Egypt is dead.

COLBURN EXECUTOR OF DAVID'S WILL

Will Be Filed In Court
This Afternoon Or
Tomorrow

The will of the late Prince David Kawanakoa will be filed for probate either this afternoon or tomorrow morning by John F. Colburn, who is named by the deceased as the executor. Colburn, when seen this forenoon, stated that he had the will in his safe, and that he had been named as executor, but he could not say exactly at what time he would file it, as this depended on the time in which certain preliminary arrangements, which were in the hands of Attorney C. W. Ashford, could be completed.

Ashford stated that the will was ready for filing immediately after the death of the Prince, but that certain questions had arisen between the executor and other parties concerned, which had somewhat delayed the filing of the document.

HILO RETURNED TICKETS

The letter from C. C. Kennedy of Waialua, Hawaii, turning down the request of the Fleet Entertainment Committee, that he sell ball tickets in Hilo was read at the meeting of the committee this morning.

Emil Berndt, the secretary, stated after the meeting that the intention of the Entertainment Committee in sending the tickets to Kennedy was to sell them to those who may want to get them before coming down here to see the Fleet. It was not intended to sell them if the purchasers did not care to come down. While the members present saved their sarcastic remarks until after the meeting, it was evident that they were not pleased with the attitude taken by Kennedy.

WILL LUCCA GET DRIVER'S LICENSE?

Iaukea Declines But High
Sheriff Issues
Certificate

The question as to whether Joe Lucca is to be granted a hackdriver's license has been referred to the Attorney General. Lucca applied to Sheriff Iaukea for the certificate attesting to his competency as a driver and as to the good condition of his horse and hack, which are necessary before he could get a license from the Treasurer. The Sheriff refused to issue such certificates, stating that he based his refusal on moral grounds.

Attorney E. C. Peters, who represents Lucca, told him that he had nothing to do with Lucca's morals, but only with his competency as a driver, but still Iaukea refused to issue the license. Peters then went to High Sheriff Henry, who issued the certificates. The matter was then taken to Treasurer Campbell, who was asked for a license, but he appeared to have some doubt about the case and referred it to the Attorney General.

THE AFONG CASE IS NEARING END

In the Afong case, Mr. Burns, husband of Mrs. Bessie R. Burns, has been on the witness stand the whole of the morning. His testimony was practically the same as that of the former witnesses in the main points, although his testimony differed with the deposition of Mr. Dunne, who was at that time Mrs. Julia Afong's attorney, and he practically called Dunne a liar several times. He testified that he and his wife arrived here on July 15th, 1907, and that they were rushed into a meeting of the family when the compromise matter was brought up without even being informed beforehand what the purpose of the meeting was. Mr. Burns was called by Frank Thompson and was cross-examined by Judge Perry. The cross-examination will probably continue this afternoon. Mrs. Bessie R. Burns will probably be the next witness called by the plaintiff. The case is nearing an end now.
